In the last 20 years, the group has added several path-breaking and award winning structures to Ahmedabad's landscape, which have been patronised by leading corporate houses, global businesses, professionals as well as individuals who appreciate the finer things in life.

Their presence is well evident from the fact that they have developed over 7 million sq. ft. of residential and commercial spaces which include a series of elegant corporate spaces, trendy commercial complexes as well as exquisite individual bungalows, villas, condominiums, apartments, farmhouses and open plots, that are a class apart. The group continues its endeavour to create classic assets that every heart desires.

As a corporate enterprise, the group is a unique fusion of entrepreneurship and professionalism. It has developed a supreme panel of architects, consultants, designers and other professionals, all of whom are stalwarts in their respective fields.
